

HPTA Center School Enrichment Program

presents

Animal Adventures

On Monday November 9, the HPTA will proudly sponsor presentations by Animal Adventures, Inc. to all first graders. Animal Adventures, Inc. offers hands-on exotic animal programs that are a fun, learning experience.

Animal Adventures, Inc. will present eight to ten animals in a 45 minute group session. The children will meet the animals, hear interesting stories and information about them, and get up-close. Controlled petting and touching is allowed at the discretion of the Animal Adventure Guide.

The children will:

- learn about the various lifestyles of different animals
- discuss different adaptations unique to some animals
- talk about habitats in the wild
- have an opportunity to touch different exotic animals such as a chinchilla, hedgehog, sugar glider and many reptiles.

This program reinforces the first grade curriculum on Science and the Animals Around Us. The event will surely be a fun and unique learning experience for your child so be sure to ask him or her about how they enjoyed interacting with these exotic animals.

The HPTA would like to thank all of the Hopkinton parents and sponsors for your continued contributions because without your support, these wonderful programs would not be possible.
