

## HPTA Enrichment Program

presents

### **Len Cabral, Nationally Acclaimed Storyteller**

On February 1<sup>st</sup>, the HPTA is excited to once again sponsor a spellbinding presentation by nationally acclaimed, award winning storyteller and author, Len Cabral. Mr. Cabral has been enchanting audiences with his unique, personable style at schools, libraries, museums and festivals throughout the United States and Canada since 1976. Mr. Cabral has been entertaining Hopkinton kindergarteners for many years and has been a long time favorite at Center School.

Len Cabral will perform a 40 minute program for each kindergarten session. He tells stories that stimulate the imagination, enhance listening skills and educate the whole person. Through his retelling of folktales and weaving stories from his own personal experiences, Mr. Cabral engages all his listeners. Additionally, Mr. Cabral will inspire your child's creative journal writing skills and open up your child's imagination through the power of words.

The children will:

- be exposed to the power of storytelling
- be transported to faraway places with just his voice and body movements
- hear wonderful folktales and legends from around the world

This program reinforces the kindergarten curriculum on Language Arts, including folktales, folklore and fables. The event will surely be a fun and unique learning experience for your child so be sure to ask them to retell one of the many entertaining stories.

The HPTA would like to thank all of the Hopkinton parents and sponsors for your continued contributions because without your support, these wonderful programs would not be possible.
